Dear Carter:

Re: Estate of Allen W. Dulles

We have identified a few items which appear to be Sullivan & Cromwell business and can send these any time. However, we are having one more complete run through of the whole collection of papers, starting 1 December 1969, and if you are in no particular hurry, we would like to wait for this to see if we come up with any more which seem to belong to the firm. Give me a call if you want the items we have, but since they pertain to the 1940s, there would not seem to be any great urgency.

Sincerely,

s/
